University of Utah—Salt Lake

We invite you and your family to experience the University of Utah in person. This is an excellent way to discover all the opportunities available to you and check the "fit" between you and the University. A personal visit gives you insight to the University by interacting with students, faculty, and staff and allows you to check out our facilities first hand.

A typical campus visit includes:

- An information session with an admissions counselor to discuss admission requirements, scholarship deadlines, financial aid and housing. They will also go over programs like Honors, LEAP, Study Abroad, etc., and how to get involved on campus—i.e. the Bennion Center and ASUU (Student Government). There will be a time for questions as well.
- A campus tour with a current student to see where you might be taking classes. You will also see the service buildings like the Student Union, Bookstore, Library, and Student Services Building. This is a great time to talk with a current student about what life at the U is really like.
- A residence hall tour to explore where you can live, learn, and enjoy campus life to the fullest.
