### **Hope Squad Assembly:**

On Monday, October 16th, the Hope Squad is bringing the founder of the 444 Project, Josie Solomon, to speak to the student body. She has suffered with severe depression since 2008. She will share a powerful story based on her own personal experiences. Her goal is to help bring a greater understanding and awareness to the challenges of mental illness. At the end of her presentation, she will leave time for a Q & A with the students.

In addition to the school assembly, Josie will speak on Tuesday, October 17th at 6pm in the Little Theater for a parent night. We invite all parents to come and learn about Josie's story and mental health. She is able to personalize this evening to our school because of the questions she receives the day before at the assembly. This will be an evening filled with great information. The Hope Squad is excited for this opportunity to bring Josie to our school. For more information on the 444 project or our speaker visit [www.the444project.com](http://www.the444project.com) or [www.josiesolomon.com](http://www.josiesolomon.com)
