QUALIFICATION OF PROVIDERS:

A health examination must be performed annually and the Pre-participation Physical Evaluation Form must be completed before any student may participate in athletic activities sponsored by this Association. A Pre-participation Physical Evaluation Form along with the Disclosure and Consent Document must be on file at the school before any participation in athletic activities.

The health examination must be completed and the form signed by any Medical Doctor (MD), Doctor of Osteopathy (DO), Physician's Assistant (PAC), Registered Nurse Practitioner (RNP), or Doctor of Chiropractics (DC), functioning within the legal scope of their practice.

As part of our quality assurance efforts in best practices and maintenance of credentialing, and acknowledging the need to allow time for certification efforts, the BOT approved that all medical personnel that perform the pre-participation physical exam for student athletes will be required to be "Board Certified"* by their respective disciplines by March 10, 2025.

In addition to maintaining the continuing medical education (CME) required by each medical discipline for state licensure, the BOT approved that NPs, PAs, DCs, DOs and MDs have successfully completed postgraduate education and Board Certifications. As examples: NPs would successfully complete and maintain FNP-BC or FNP-C certifications; PAs would successfully complete NCCPA certification and maintain PANRE or PANRE-LA certifications; DCs would successfully complete and maintain a postgraduate Diplomate program (i.e. Internal Medicine & Family, Sports Medicine, Orthopedics, Pediatrics, etc.); DOs and MDs would successfully complete a postgraduate residency/fellowship program and maintain board certification in one of the 24 Member Boards of ABMS.

*Note: The American Board of Medical Specialties differentiates medical licensure from board certification.
